# MMEF: WHAT WE DO

The Mining and Minerals Education Foundation is a non-profit organization working to ensure that the public understands the importance of maintaining a strong and vibrant domestic and international mining industry. To achieve this goal, the MMEF funds the Education Outreach Program at The University of Arizona School of Mining & Mineral Resources. Chris Earnest is the Outreach Coordinator.

This program focuses on communicating the importance of mining to our economy, our lifestyle and our quality of life. The Outreach Program reaches thousands of students, parents and teachers through presentations and exhibits at schools, STEM events and museums. Your sponsorship will enable the MMEF to continue its ongoing mission.
